

Welcome to Writer's Nook

This is a sample book. Turn the page with the arrow keys, by clicking a page, or by swiping.

Adding your books

Drop PDF files into the **books** folder of this repository and push to **main**. They will appear on your shelf automatically.

Your own copies

You can also press **Add a book** to load a file for yourself. Those stay only in your own browser.

Happy reading

Delete this file from the books folder when you are ready to fill the shelf with your own work.
